Ishrath Raji

Trainee Software Engineer at 99x | Undergraduate at University of
Westminster | IIT Sri Lanka

Colombo, Western Province, Sri Lanka

Summary

I've always been a passionate problem solver and a technophile
obsessed with the latest technologies and devices. Today, I'm
working as a trainee software engineer for 99x and I get to show off
all these elements of who I am.

I started learning to code when I was a teenager, though it was
always more of a hobby than a career focus. After completing a
diploma in computer system design, and continuing to pursue that
hobby, I realized software engineering was the right field for me.

I'm also eager to meet other tech geeks in the area, so feel free to
connect!

Experience

99x
Trainee Software Engineer
July 2021 - Present (1 year 5 months)
Colombo, Western, Sri Lanka
